

# When You Buy It We Stand Behind It!

Fat chance trying to get a warehouse store or on-line retailer to come to your business and deal with broken equipment they sold you? **WE WILL!** We sell and service hardware solutions to the most successful and demanding businesses in the Pacific Northwest.

## CCM's Hardware Advantage....

- Engineered - Not over engineered
- Competitive Price Guarantee
- On-Site Installation
- On-Site Repair
- Warranty Upgrades
- Single Point of Contact
- Custom Configurations
- Name Brands

## Computers - Printers - Servers - Peripherals

Whether you're buying a leading national brand or a high quality custom configuration, you will receive a CCM business solution that's guaranteed to perform. We've been providing business solutions for twenty-two years and in that time we've learned a few things about computers and printers. We know which solutions your business can depend upon and which ones your business should stay away from. Furthermore, CCM is a maintenance firm, it makes good sense to purchase your equipment from the company who will maintain it throughout its life-span!
